HOST

Today's news: The Tannhäuser Gate is expected to be complete and fully operational by the end of next year.

HOST

This marks a huge milestone in interstellar exploration, allowing us to reach as far as the Bellatrix System in the Orion Constellation.

HOST

Proxima International states it is soon ready to launch probes into the warp gate, with manned missions expected by the end of the decade.

Short Pause

HOST

Meteorologists report a monumental snow storm will be sweeping through the Bay Area this coming week. Predictions suggest up to 8 inches of snowfall.

HOST

This will be the highest recorded in 120 years, and potentially the largest in San Francisco history.

HOST

City Council has contracted Jungbi to clear the highways and keep traffic moving. Damages are expected to be in the billions.

HOST

That was today's news. Be safe out there.
